CARE NAVIGATORS

# Community resources

## for Allegan, Barry, Berrien, Branch, Calhoun, Cass, Eaton, Kalamazoo, St. Joseph & Van Buren Counties

You may have physical problems brought on by an emotional reaction. The physical problems are real; take steps to remedy them. Contact your physician if needed. This is a partial list of resources for hiring additional care or obtaining assistance from community agencies. Keep in mind that this is only a partial list and is provided for your convenience. We do not endorse any of the agencies and are not responsible for the quality of their services. Our social workers are also available to help. You are also encouraged to call 2-1-1, a free program connecting you with service providers in your area.
